What is Online Care?

Online Care treats common medical ailments through online video consultations. All communications are secured using our HIPAA-compliant electronic medical record (EMR) platform. The web-based service can be accessed using a smartphone, tablet or computer.

When Should You Use 247 OnlineCare?

If you are unable to visit your primary care physician or a nearby urgent care center, 247 is a professional, quality alternative for quick and affordable healthcare. 247 OnlineCare is not for medical emergencies. You should consider using 247 OnlineCare if you:

- Have a non-emergency illness or when you feel sick.
- Have a question about your health.
- Need care when your provider's office is closed.
- You are traveling and want to avoid incurring out-of-network costs.

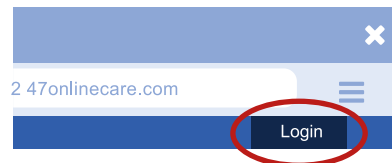

How To Get Started?

You should have received an introductory email with login credentials. Contact us at customer.service@247olc.com or 1-844-247-ONLC if you haven't received them.

How It Works

- 1 Select the Patient Login tab on the upper right corner

- 2 Enter your account information, brief medical history and your current symptoms*

- 3 Start consultation

*Prescription not guaranteed
