Wegmans New Prescriptions

Additionally, we have been made aware by Wegmans they are receiving brand new prescriptions submitted directly to Wegmans by the member's physicians. If you haven't done so already, please be sure to contact your physician(s) and notify them your prescription drug coverage has changed to Capital Rx and Walmart effective July 1st. Please share a copy of your ID card (or the information on the back of your ID card) with your doctor's office, so any new prescriptions are submitted correctly to Capital Rx and Walmart.

If you have any other questions regarding Capital Rx or Walmart, please call 833-772-2779.
