### Using Your Prescription Drug Card at Retail Pharmacies

Please present your new prescription drug card along with your prescription to one of our 60,000+ retail pharmacies.

### Getting a 90-Day Supply of Your Prescriptions

If you are prescribed a 90-day prescription for maintenance medications (e.g. long-term conditions like arthritis, asthma, diabetes, high blood pressure, or high cholesterol), you are required to fill these prescriptions through mail service or at select retail pharmacies. As you work to setup mail order with Optum Home Delivery or to obtain a new prescription from your doctor, you will have access to two grace fills at any in-network pharmacy to ensure consistent access to your medication.

#### Getting started with Optum Home Delivery:

Please reach out to your prescriber and update your mail order pharmacy provider as Optum Home Delivery.

**Online:** Go to the Capital Rx Member Portal at <https://app.cap-rx.com/login> to register or log in. Select 'home delivery' to confirm your profile settings.

**Phone:** Call Capital Rx and follow the prompts for 'medications delivered to your home' or ask your doctor to send an electronic prescription to Optum Home Delivery. A coordinator will reach out to get you set up.

#### Managing New Prescriptions and Refill Requests:

Choose one of the following options to request refills of current prescriptions or to send new prescriptions to Optum Home Delivery.

**E-prescribe (preferred):** Have your prescriber electronically send your prescription to **Optum Home Delivery**.

**Fax:** Have your prescriber fax your prescription to **Optum Home Delivery**. Faxed prescriptions may only be sent by a doctor's office and must include patient information.

**Online (refills only):** Login to the Capital Rx member portal to place an order for available refills.

**Mail:** Mail your paper prescription to Optum Home Delivery at **6800 W 115th St. Suite 600, Overland Park, KS 66211-9838**.

Home delivery customer support is 24 hours a day, 7 days a week.

### Prior Authorization/Step Therapy/Quantity Limit

In order to ensure safe and appropriate use of certain medications, your prescription benefit program may have prior authorization, step therapy, and/or quantity limits for certain medications.

- **Prior authorization** requires you and your physician to obtain approval from Capital Rx prior to medication being dispensed.
- **Step therapy** is when your prescription benefit requires you to try another medication (usually a generic) prior to starting the medication your physician prescribed (usually a brand).
- **Quantity limits** only allow you to receive up to a maximum dosage or quantity for certain medications, based on clinically-approved prescribing guidelines.

Call customer service at **1-833-772-2779** to determine if your medication(s) are subject to prior authorization, step therapy, and/or quantity limit requirements.

### Using Retail Pharmacies for Mandatory Maintenance

For those located in Rockland County, you can visit Stony Point Pharmacy to fill maintenance medications. Wegmans Retail Pharmacy locations are also a part of the mandatory maintenance program.

**Please note:** If you fill a 90-day supply at Wegmans Pharmacy or Stony Point Pharmacy, as opposed to Optum Home Delivery, you will need to pick up your prescriptions at the retail pharmacy location. It will not be delivered to your home.

Capital Rx Customer Care is available 24 hours a day, 7 days a week by calling **1-833-772-2779**.
